# CVI129G
60CM LINEA WINE CELLAR
RIGHT-HAND HINGE (REVERSIBLE)

LARGE 29 BOTTLE CAPACITY

Storage of up to 29 Bordeaux (750ml) bottles. Perfectly shaped housings provide ample storage for different shaped bottles. Champagne and magnums can be stored horizontally without risk of sliding.

UV RESISTANT GLASS

Solar light and UV rays can alter a wine's structure, ruining its balance and flattening its scent. Layered glass panels in Smeg's built-in wine cellars protect wine from damaging light whilst providing maximum transparency.

VIBRATION PROTECTION

Smeg wine cellars are equipped with an ultra-quiet cooling system which keeps vibrations down to a minimum. Even the smallest vibrations can affect wine by lifting sediments. This causes different components to mix, altering the balance developed during the ageing period.

SLIDING OAK RACKS

Telescopic sliding oak shelves allow for easy placement, storage and removal. The smooth movement prevents disturbance of wine sediment. Made in Italy, these racks are crafted from the same oak as traditional wine barrels.

WINE CELLAR FEATURES

EAN	8017709325275
Dimensions	596mmW x 590mmH x 566mmD
Finish	Neptune Grey
Capacity	29 bottles (750ml Bordeaux style)
Door	UV resistant glass door Push pull system Reversible
Shelves	1 x fixed shelf 2 x removable shelves on telescopic guide rails
Display	LCD with internal touch control
