

Philips Easy8
Ironing board

With ShoulderWing System

GC240/05

8 Clever solutions for truly easy ironing

With unique ShoulderWing System

The ironing board plays an important role in the ironing experience. With the new Philips ironing board GC240/05, we've thought about every detail to make your ironing truly easy. The board includes 8 clever solutions that solve all ironing hassles.

Fast ironing

- Easy shirt ironing: unique ShoulderWing System
- Smoother gliding with multi-layered board cover
- Iron more in one go: XL board shape

Convenient ironing

- Keep the cord out of the way: special cord holder
- Hang garments after ironing: convenient hanging rail
- Keep your belongings close: unique storage basket

Safe ironing

- Perfect combination with steam generators: XL iron tray
- Designed for safety: child and transport lock

PHILIPS
sense and simplicity

Highlights

Unique ShoulderWing System

With the unique ShoulderWing system, shirt ironing is easier than ever. This innovative system helps you iron shirts with little rearranging, saving you time and effort. The retractable ShoulderWing System can be opened and closed, depending on the type of garment to be ironed.

Multi-layered board cover

The board cover is made of 100% cotton and is supported by foam and felt layers. This combination provides a comfortable and smooth ironing surface.

XL board shape

The Philips XL board shape is also ideal for ironing big items such as bed linen and tablecloths.

Special cord holder

Use the cord holder to keep the cord or the steam hose out of the way. The cord holder pole elevates the cord so that it does not touch the garment while ironing, eliminating new creases on the parts that have already ironed.

Convenient hanging rail

No need to look for a place around you to hang your freshly ironed shirts. You can hang garments directly after ironing on the convenient hanging rail.

Unique storage basket

You can use the storage basket to keep your belongings like mobile phone, TV remote control or ironing aids within reach during your ironing session.

XL iron tray

The stable and extra-large iron tray is perfect for steam generators. It is also heat resistant and can be safely used with steam irons.

Child and transport lock

Child and transport lock prevents the board from accidentally collapsing while ironing and also keeps the board closed during storage.

Specifications

Fast and convenient ironing

- ShoulderWing System
- Cable/hose holder
- Shirt hanging rail
- Storage basket
- Height adjustment: 70–94 cm
- Height setting: 6 setting(s)
