SMEG WHITE ENAMEL VICTORIA DOUBLE OVEN

EAN 8017709206895

Finish	White Enamel
Total functions	Main oven 14 Aux oven 4
Display	Large LCD
Capacity	Main oven 79 litres Aux oven 41 litres
Cooking levels	Main oven 5 Aux oven 2
Thermostat	Main oven 30 - 280°C Aux oven 50 - 270°C
Installation	Flush or wallmount
Programmability	Fully programmable
Cleaning	Smeg Ever Clean enamel, Pyrolytic / ECO Pyrolytic
Lighting	Main oven 1 x 40W halogen Aux oven 1 40W halogen
Supplied accessories	2 x Chrome grill insert 3 x Chrome shelves 1 x 20mm enamelled baking tray 2 x 40mm enamelled baking tray 1 x Partial telescopic guides
Optional accessories	PRTX - Pizza Stone PPR2 - Gourmet Cooking Stone PALPZ - Single-handle pizza paddle SSDPLUS - Baking Dish GT1P-1 - Partial telescopic guides GT1T-1 - Total telescopic guides
Safety	Cool Door technology, thermal protection system, child safety lock, controls lock
Dimensions	597mmW x 884mmH x 567mmD
Power	220-240V, 50/60Hz 25A
Warranty	Two years parts and labour

THERMOSEAL

The seal of Smeg's quality, technical excellence and taste: succulent roasts, crisp pastry and impressive baking is achieved in Smeg's unique, perfectly controlled cooking environment. Thermoseal maintains the perfect atmospheric balance in the cavity for optimum cooking conditions.

PYROLYTIC CLEANING

Smeg's pyrolytic cycle locks the door and heats the oven to around 500°C. This process carbonises any food residue or burnt-on grease to a small amount of ash, which can be simply wiped away with a damp cloth. Smeg also has Eco Pyro - the low energy option.

SMARTSENSE

Smeg's SmartSense intuitive program selection is easy-to-read in the large LCD panel. Effortlessly select oven functions, temperature and time for cooking; enter the time you want your meal to be ready and your delay start is calculated for you; or cook 20 pre-programmed favourites at the flick of a button.

EVER CLEAN ENAMEL

The superior quality of Smeg's patented Ever Clean enamel, which is highly durable and easy to clean, is the result of nearly 70 years of enamelling expertise; ensuring long-life performance of every Smeg oven.

COOL DOOR TECHNOLOGY

Smeg's Cool Door system is a combination of technologies which is driven by a 22 blade tangential fan and includes a heat exchange baffle system. It draws cool air up through the panes of heat-reflective glass in the door, making it safe to the touch even when the oven is at pyrolytic temperatures of around 500°C.
