Stainless Steel Trim

### 5 BURNER, AMPLE ROOM FOR LEFT HAND WOK

Smeg's spacious cooktop offers multiple burners ergonomically positioned to cater to several styles of cooking at any one time. Pots and pans are neatly contained within one safe area instead of occupying otherwise precious bench space.

### CERAM PROTECTIVE COATING

Smeg's Dolce Stil Novo gas-on-glass cooktops feature ceram protective coating to ensure the long-life performance of these premium components. The coating ensures that the cooktops are easy to clean and won't discolour over time. The smooth finish also allows the burners to blend seamlessly into the cooktop design.

### CAST IRON TRIVETS

The solid cast-iron trivets cover the cooktop, creating a harmonious and ergonomic surface onto which pots can be placed and moved safely and securely. In addition to providing a highly professional look, these ensure excellent performance, which remains unaffected over time.

### EASYSOON CERAMIC SURFACE

For maintenance of the highly durable ceramic surface, simply wipe with a damp cloth after use to clean any spills.

### FLAME FAILURE DEVICE

Safety fitted to all burners, the Flame Failure Device ensures that should a flame be extinguished accidentally, the gas supply to the specific burner is stopped. The burner can only then be reignited by following normal ignition procedure.
