Cuvée Fresco

Introducing Cuvée Fresco—the ultimate fusion of refined wine preservation and outdoor luxury. Engineered specifically for open-air living, this collection brings high-performance cooling directly to your terrace, patio, or poolside kitchen.

Crafted with high-grade AISI 304 stainless steel, each unit offers exceptional durability and superior corrosion resistance against weather and humidity. Designed to protect your finest vintages and beverages under any conditions

Whether hosting an alfresco dinner or enjoying a quiet evening outdoors, Cuvée Fresco delivers uncompromising style, robust weather protection, and precision temperature control—elevating your outdoor entertainment experience.

Cuvee Fresco

46 Bottles Single Zone Outdoor Built-under – 150L

Signature Features

Built for Outdoor Living

AISI 304 stainless steel door trim, handle, hinges, back cover and kick plate resist weather and corrosion.

Approx. 46 Bottles – 150L

Standard 600 mm width slides neatly under outdoor benchtops and bar counters.

Precise Digital Control (2–18°C)

Finger-touch control with fan-assisted compressor cooling for a stable, even temperature.

Low-E, Anti-UV Heated Glass Door

Triple-layer tempered glazing with a heated middle layer prevents condensation and blocks UV.

Quiet, Secure & Fresh

37 dB operation, charcoal filter, LED lighting and a lockable door.

46 Bottles Single Zone Outdoor Built-under – 150L

Cuvee Fresco

Feature Highlights

Flexible Installation

Install it freestanding or built under your outdoor benchtop: 595 mm wide and 870 mm high, with front ventilation for a flush, integrated look. Approx. 46 bottles or 150 L of chilled storage.

Winter Function

When the temperature drops outside, the integrated heating system kicks in to keep your wines and beverages at their set temperature – all year round, in any season.

Cuvee Fresco

46 Bottles Single Zone Outdoor Built-under – 150L

Feature Highlights

Anti-Condensation Heated Glass

A triple-layer tempered glass door with a heated middle layer keeps the glass clear and free of condensation, even on humid summer days by the pool.

Low-E & Anti-UV Protection

The Low-E outer layer and anti-UV treatment shield your bottles from sunlight and heat, protecting aromas and colour while showcasing your collection.
