Warranty

BLANCOCare™ 2 years parts & labour

Features

84 Litre Capacity

Triple Glazed Thermo-reflective Door

QuartzClean Enamelled Interior

Fully Extendable Telescopic Runners

Catalytic Self-cleaning Liners

Fully Programmable Timer

Benefits

The new design of the Elite Collection has delivered a larger usable space to cook those special dinners for the family.

The triple layered door with thermo-reflective glass offers not only a cooler to touch surface but also increases the energy efficiency as the heat is retained within the oven.

Hard wearing QuartzClean enamel cavity facilitates the cleaning of the cooking chamber. The nicklefree composition allows the enamel to withstand temperatures up to 600°C whilst resisting acidic spills.

When using the telescopic runners shelves can be fully pulled out to aid loading and unloading of the oven.

On the rear and sides of the oven, these self-cleaning liners means less time spent cleaning your oven. Catalytic liners absorb grease and dirt from everyday cooking, and then burn it off at up to about 200°C.

The fully programmable touch control operation enables you to set the start and finish time of your cooking where the oven will automatically switch off when finished.

Specifications

Product Dimensions:	H585 x W750 x D555mm
Cut-out size (proudmount):	H580 x W715 x D570mm
Cut-out size (flushmount):	H588 x W753 x D570mm
Power Requirement:	220-240V – 50Hz
Electrical connection:	15 amp – cable supplied – hard wired
Oven volume:	84 litre capacity
