

## 570W 5.1.3ch Dolby Atmos Wi-Fi Sound bar

### Groundbreaking Triple Up-firing Channels

Meet our first Sound Bar with Triple Up-firing Channels. Together, they help deliver a nuanced experience with superb voice clarity and a wide soundstage. Enjoy an incredibly immersive sound experience at home.

### Choose your voice control

LG Sound Bars work with your favourite AI services. Use your voice with Amazon Alexa™, Google Assistant™ and Siri (for Apple AirPlay 2) to control your Sound Bar easily\*.

\* Requires LG Sound Bar app (Android 5.0 or later, iOS 10.0 or later) and home Wi-Fi network. Hey Google™ and Amazon Alexa™ requires a Google or Amazon Account (as applicable). Apple AirPlay® is compatible with iOS 11.4 or later, or macOS 10.14.5 or later. Controlling devices and features require compatible smart devices. Subscriptions may be required to access certain content. Some features and services may be changed without notice. Depending on language, voice clarity and available content or source material, voice commands may not always deliver or respond to the requested command.

### The sound of the cinema at home

LG Sound Bar technology combined with Dolby Atmos®, DTS:X®, and IMAX® Enhanced\* helps to bring the ultimate sound experience to your living room. Discover clear sound, and the sensation of being in the centre of every scene.

\*Dolby Atmos® enabled TV / Player and compatible source content required. IMAX® Enhanced and DTS:X® available via HDMI pass-through. Dolby and Dolby Vision are registered trademarks of Dolby Laboratories Licensing Corporation. The double-D symbol is a trademark of Dolby Laboratories Licensing Corporation.

### Sound tailored to your space

Using an internal microphone and spatial awareness technology, AI Room Calibration Pro analyses your room to help tailor sound across frequencies, balancing settings with your environment for natural and realistic sound.
