

SP60Y

440W 5.1ch, Surround Soundbar

Release: May 2021

Creating great sound with Meridian Technology

LG Sound Bar SP60Y comes with Meridian advanced digital signal processing technology. Experience high fidelity sound and a wide sound stage.

The stunning power of DTS Virtual:X®

DTS Virtual:X uses audio processing techniques to project sound around you, for a realistic audio experience. Your movies and music can be brought to life with sound that's clear and immersive.

**Effect may vary depending on source content.*

Enjoy adaptive audio with AI Sound Pro

Great sound, scene-by-scene. An upgraded algorithm identifies voices, effects, and frequencies then adjusts the EQ sound by genre, so you can hear soundtracks optimised to what you watch*.

**Effect may vary depending on source content.*

Outstanding 5.1 channel sound

Enjoy clear, virtual surround sound. With 5.1-channel audio, 440W power, and a subwoofer with full bass for rich, low tones, LG Soundbar SP60Y is designed to elevate your TV sound.

Enhance games, sport and more with new Sound

LG Soundbar comes with special sound modes. Specifically developed by LG to enhance voices, gaming and sports, the modes help deliver incredible sound whether you love to watch or play.
