1

Choose the combination for your lifestyle

Flexible, modular design

Seamlessly integrate multiple modules to increase capacity and create the perfect fridge/freezer combo for you. Models can easily be mixed and matched², so you can enjoy the flexibility of a fridge that grows with you.

2

Express yourself with colour

Customisable door panels

Bring your personal style into the kitchen. Choose from 7 stunning colours in selected finishes including matte metal, high-gloss glass or frosted satin glass to build a fridge of your dreams.

3

Even and optimum cooling

All-Around Cooling

Cool the fridge evenly from corner to corner. Multiple vents on every shelf blows cold air evenly to help maintain a consistent temperature to help keep food fresh. Easy-clean Metal Cooling plate helps the fridge cool down fast, thanks to its high thermal conductivity.

4

Keep your vegetables and fruits fresh

Humidity control box

The Humidity Control Vegetable box helps keeps your perishables fresh for long periods with enough room even for bulky items. It continually adjusts the moisture level by automatically opening and closing a vent to help maintain optimal humidity.

5

Neatly store your favourite wines

Wine rack

Neatly store and organise your wine with the handy Wine Rack so they don't roll around or take up precious shelf space. It can be set up on either the upper or lower fridge compartments for easy access so you can enjoy a glass of deliciously chilled wine.

6

Easily fits in tall and large items

Slide & Fold Shelf

The Slide & Fold shelf adds flexibility to your storage requirements. It slides in and out and can be easily folded to fit various sized items, including large and bulky containers, for maximum space efficiency.

7

Opens how you want

Reversible door

Simply choose the direction that your fridge opens to suit the layout of your home. The door can be reversed by changing the hinges over³ for the ultimate convenience.
