Specifications

It is a requirement of State Plumbing Codes that licensed plumbers carry out all tapware installations. All installations should comply with the relevant requirements of AS/NZS 3500 and local plumbing codes.

Care and Maintenance

[1] Product should be inspected for surface damage prior to installation. [2]Cleaning and handling of all finishes must be performed carefully. [3] For all sanitary ware surfaces clean with soapy water or a mild detergent with a soft cloth and rinse with warm water. [4] Never use harsh detergents or abrasive cleaners as these will damage the product. [5] Do not use undue pressure when cleaning. [6] For Matt surfaces such as Cristalplant, Ceramilux and Composite Stone periodical cleaning with an agent containing micro granules (such as JIF) is recommended. [7] For Wood finishes, clean with a damp lint free cloth, making sure to dry immediately after each use with no water left on the surface and in the direction of the grain. [8] Contact with harsh chemicals such as hair dye, hair bleach etc. will result in damage to the finish. [9] For further cleaning and maintenance instructions for more stubborn stains or damage please refer to the product specific care and maintenance information. [10] Damage to finishes arising from improper installation or post installation use or failure to observe the care and cleaning instructions will void all warranty agreements.

Warranty

Rogerseller tapware, bathroom fittings and sanitary ware are covered by a five (5) year warranty from date of purchase. For full terms and conditions please refer to rogerseller.com.au
