### SMEG WHITE ENAMEL VICTORIA DOUBLE OVEN

EAN 8017709206895

Finish	White Enamel
Total functions	Main oven 14 Aux oven 4
Display	Large LCD
Capacity	Main oven 79 litres Aux oven 41 litres
Cooking levels	Main oven 5 Aux oven 2
Thermostat	Main oven 30 - 280°C Aux oven 50 - 270°C
Installation	Flush or wallmount
Programmability	Fully programmable
Cleaning	Smeg Ever Clean enamel, Pyrolytic / ECO Pyrolytic
Lighting	Main oven 1 x 40W halogen Aux oven 1 40W halogen
Supplied accessories	2 x Chrome grill insert 3 x Chrome shelves 1 x 20mm enamelled baking tray 2 x 40mm enamelled baking tray 1 x Partial telescopic guides
Optional accessories	PRTX - Pizza Stone PPR2 - Gourmet Cooking Stone PALPZ - Single-handle pizza paddle SSDPLUS - Baking Dish GT1P-1 - Partial telescopic guides GT1T-1 - Total telescopic guides
Safety	Cool Door technology, thermal protection system, child safety lock, controls lock
Dimensions	597mmW x 884mmH x 567mmD
Power	220-240V, 50/60Hz 25A
Warranty	Two years parts and labour

#### THERMOSEAL

The seal of Smeg's quality, technical excellence and taste: succulent roasts, crisp pastry and impressive baking is achieved in Smeg's unique, perfectly controlled cooking environment. Thermoseal maintains the perfect atmospheric balance in the cavity for optimum cooking conditions.

#### PYROLYTIC CLEANING

Smeg's pyrolytic cycle locks the door and heats the oven to around 500°C. This process carbonises any food residue or burnt-on grease to a small amount of ash, which can be simply wiped away with a damp cloth. Smeg also has Eco Pyro - the low energy option.

#### SMARTSENSE

Smeg's SmartSense intuitive program selection is easy-to-read in the large LCD panel. Effortlessly select oven functions, temperature and time for cooking; enter the time you want your meal to be ready and your delay start is calculated for you; or cook 20 pre-programmed favourites at the flick of a button.

#### EVER CLEAN ENAMEL

The superior quality of Smeg's patented Ever Clean enamel, which is highly durable and easy to clean, is the result of nearly 70 years of enamelling expertise; ensuring long-life performance of every Smeg oven.

#### COOL DOOR TECHNOLOGY

Smeg's Cool Door system is a combination of technologies which is driven by a 22 blade tangential fan and includes a heat exchange baffle system. It draws cool air up through the panes of heat-reflective glass in the door, making it safe to the touch even when the oven is at pyrolytic temperatures of around 500°C.
