

**60cm multifunction 25 matte black SteamPro full steam oven with SousVide, automatic Steamify® function, 7.8" CookSmart Touch+, AI TasteAssist, and food probe.**

## Product Details

### FEATURES

#### SteamPro

CookSmart Touch+  
CookSmart Touch+ guides  
your cooking at a touch.

AI TasteAssist  
AI Taste Assist for  
connected, customised  
cooking.

#### SousVide

#### Assisted Cooking

Assisted Cooking settings  
mean you can let your oven  
know what's cooking so it can  
handle the rest.

#### AirFry

AirFry your food for a fried  
taste with less oil.

#### Food Sensor

#### Steam Cleaning Program

### BENEFITS

#### PROFESSIONAL RESULTS AT HOME

The SteamPro oven provides you with Bake, Roast and Steam, a tool used by professional chefs for many years enabling you to reach new culinary heights with a home oven. It's time to transform the way you cook and enjoy professional-level results at home.

#### MASTER EVERY DISH AT A TOUCH

CookSmart Touch+ takes intuitive cooking further. With guided recipes and advanced step-by-step functions, it helps you master even complex dishes with ease. Access favourites, recently used modes, and tailored assistance, bringing greater confidence to both everyday and ambitious meals.

#### DISCOVER AI ASSISTED COOKING

Optimise your cooking settings by sending a web recipe or copying the link into the app. The app leverages AI to customise the settings for your specific oven, such as temperature, time, function and pre-heating, to deliver the best possible result.

#### WHY NOT SOUS-VIDE AT HOME

Sous-vide is a culinary technique whereby vacuum-sealed food is cooked at a very precise, consistent temperature for an exquisite taste experience. Cooking in a vacuum-sealed bag using a low temperature infuses flavours, whilst keeping textures delicately tender, helping to lift your creativity to the next level.

**MEET YOUR PERSONAL CHEF**

Assisted Cooking is your at-home sous chef. Scroll through menus to select a food category and the oven will generate the correct settings for the dish. You can even choose how you would like meats sealed and for added safety the oven will automatically power down after cooking.

**PRECISION MEETS PERFECTION**

The Food Sensor allows you to precisely monitor the cooking process and achieve perfect results according to your personal taste. The oven will let you know when your food has reached the right temperature.

**WHY NOT FRY WITH LESS OIL**

The mesh construction of the AirFry tray allows super-heated air to crisp the surface of ingredients to deliver a delicious fried taste and texture, with less oil.

**CLEAN WITH THE POWER OF STEAM**

A clean oven ensures delicious flavours, prevents cooking odours, and helps maintain optimal performance. Clean your oven effortlessly with the Steam Cleaning program. Let the natural power of steam lift grease and grime with ease simply wipe it away. The oven display will inform you when cleaning is required.

# Specifications

## PRODUCT PROFILE

Domestic warranty details (yrs)	5
Type of Oven	single steam oven
Oven fuel	electric
Materials/Colour	matte black
Controls of Oven	TFT touchscreen
Cooling fan	Yes

## FLUSH FIT CUT OUT
