ISOLA: SHAPING NEW HORIZONS

A new collaboration with Stefano Boeri Interiors represents an innovative and revolutionary interpretation of how the technology and design worlds merge into one with a single product. Redefining contemporary kitchen spaces, Isola inspires a kitchen that is outside the box.

EDGE TO EDGE CHARACTER

The uniquely curved edges, inspired by Smeg's history and drawn upon from the rounded edges of iconic Smeg products, uses soft and unique lines that transcend the boundaries of the traditional kitchen, seamlessly integrating into every kind of setting.

EVO SLIDER

White backlit LEDs on the EVO Slider control gives a touch of elegance and minimalist appearance to the cooktop, lighting up only during use. Set the cooktop parameters and adjust power levels effortlessly, transforming your kitchen into a sleek and modern space.

MULTIZONE COOKING

Smeg's Multizone allows users to join two cooking zones and operate them by a single control. Every part of the zone to the edge is usable, without any cold spots, making cooking with larger pots and pans effortless.

AUTOVENT 2.0

Using Bluetooth technology, your compatible rangehood will automatically adjust based on the power level selected on the cooktop. You will always have the optimal extraction level, leaving your kitchen without condensation and odours.
