

Gas + Induction Cooktop, 90cm, 1 Burner, 4 Zones with SmartZone

Series 9 | Minimal

Black Glass | LPG

The power of gas pairs with the precision of induction in this large cooktop, for ultimate flexibility and culinary creativity.

- A dual fuel cooktop with four induction zones and a gas wok burner
- With black detailing and Minimal styling to suit any kitchen design
- With a flame-failure safety device and an induction surface that remains cool until a pot or pan is placed on top.

- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute

DIMENSIONS

Height	126mm
Width	899mm
Depth	530mm

FEATURES & BENEFITS

Combination cooking

Experience the best of combination cooking with our dual fuel gas and induction cooktop. Featuring a powerful wok burner combined with four induction cooking zones for ultimate flexibility in the kitchen.

Precise control

Our induction cooktops offer extremely accurate temperature control from very high to very low heats, so you can sear, sauté and temper like a pro. The powerful gas burner has consistent flame and heat distribution, perfect for wok-style cooking.

Complementary design

The subtle black glass, durable matte black detailing, and black dial blend elegance with durability. With premium styling, these cooktops seamlessly blend with other appliances for a cohesive, considered kitchen design.

Safe and sound

Induction cooktops remain cool to touch until a pot or pan is placed on the surface – so they are safer for everyone. The flame failure safety device automatically turns off the gas on the burner if the flame is accidentally extinguished.

Easy cleaning

With a single cooking surface across both gas and the induction,

this cooktop is simple to clean. On the induction cooktop, the surface around your cookware stays cool when you cook, preventing baked-on spills and making cleaning up a breeze.

Large, flexible cooking area

SmartZone links four cooking zones and controls them as one, giving you the flexibility to use large pans and griddles and easily handle bigger food items like pancakes. This cooktop comes with a small pot support and wok stand to complement different cooking styles.

Quality materials

Our cooktops are built from a single panel of toughened ceramic glass with larger support frame, ensuring lasting quality.

SPECIFICATIONS
