- Optional Mini Cistern Stop Tap available : **2139906**

## Specifications

It is a requirement of State Plumbing Codes that licensed plumbers carry out all tapware installations. All installations should comply with the relevant requirements of AS/NZS 3500 and local plumbing codes.

## Care and Maintenance

[1] Product should be inspected for surface damage prior to installation. [2] Cleaning and handling of all finishes must be performed carefully. [3] For all sanitary ware surfaces clean with soapy water or a mild detergent with a soft cloth and rinse with warm water. [4] Never use harsh detergents or abrasive cleaners as these will damage the product. [5] Do not use undue pressure when cleaning. [6] For Matt surfaces such as Cristalplant, Ceramilux and Composite Stone periodical cleaning with an agent containing micro-granules (such as JIF) is recommended. [7] Contact with harsh chemicals such as hair dye, hair bleach etc. will result in damage to the finish. [8] For further cleaning and maintenance instructions for more stubborn stains or damage please refer to the product specific care and maintenance information. [9] Damage to finishes arising from improper installation or post installation use or failure to observe the care and cleaning instructions will void all warranty agreements.

## Warranty

Rogerseller tapware, bathroom fittings and sanitary ware are covered by a five (5) year warranty from date of purchase. For full terms and conditions please refer to [rogerseller.com.au](http://rogerseller.com.au)
