

# REFRIGERATION & FREEZER

## SABI256BM FULLY INTEGRATED REFRIGERATOR & FREEZER

### ELECTRONIC TOUCH DISPLAY

Set the optimal conditions for a variety of food and beverages with Smeg's electronic temperature control display. At the touch of a button, accurately monitor temperature for fridge and freezer with a simple to use touch control.

### TURBO COOLING FAN

The turbo cooling fan technology provides a regulated temperature in all sections of the refrigerator. Compared to conventional systems, the turbo cooling fan delivers the most efficient cooling of food, keeping the freshness, aroma, and nutrients of fruit, vegetables, and meat much longer.

### ANTI BACTERIAL GASKET

Vastly reducing cross contamination between compartments, the anti-bacterial gasket means the original flavours of your food are better maintained while the general hygiene inside the refrigerator is improved, improving the shelf life of your fridge contents.

### EASY CLEAN SAFETY SHELVES

Each of the shelves in a Smeg refrigerator is made from easy clean tempered safety glass. A small drip or spill is easily cleaned by removing the shelves, wiping down the durable surface and slotting them back into place.

Finish	Fully integrated
Dimensions	540mmV x 545mmD x 1770mmH
Volume	Refrigerator: 179.5L Freezer: 63L Total: 242L

#### REFRIGERATOR

No. Shelves	4
No. Drawers	1 x Crisper (humidity control)
Lighting	LED
Accessories	1 x Bottle shelf 1 x Egg holder 1 x Dairy rack

#### Inner Fridge Door)

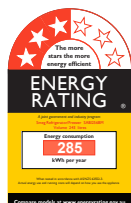

No. Shelves	4
-------------	---

#### FREEZER

No. of drawers	3
Features	Turbo fan air cooling Humidity Controller
Defrost	Frost Free
Installation	built-in door on door hinges

#### Performance

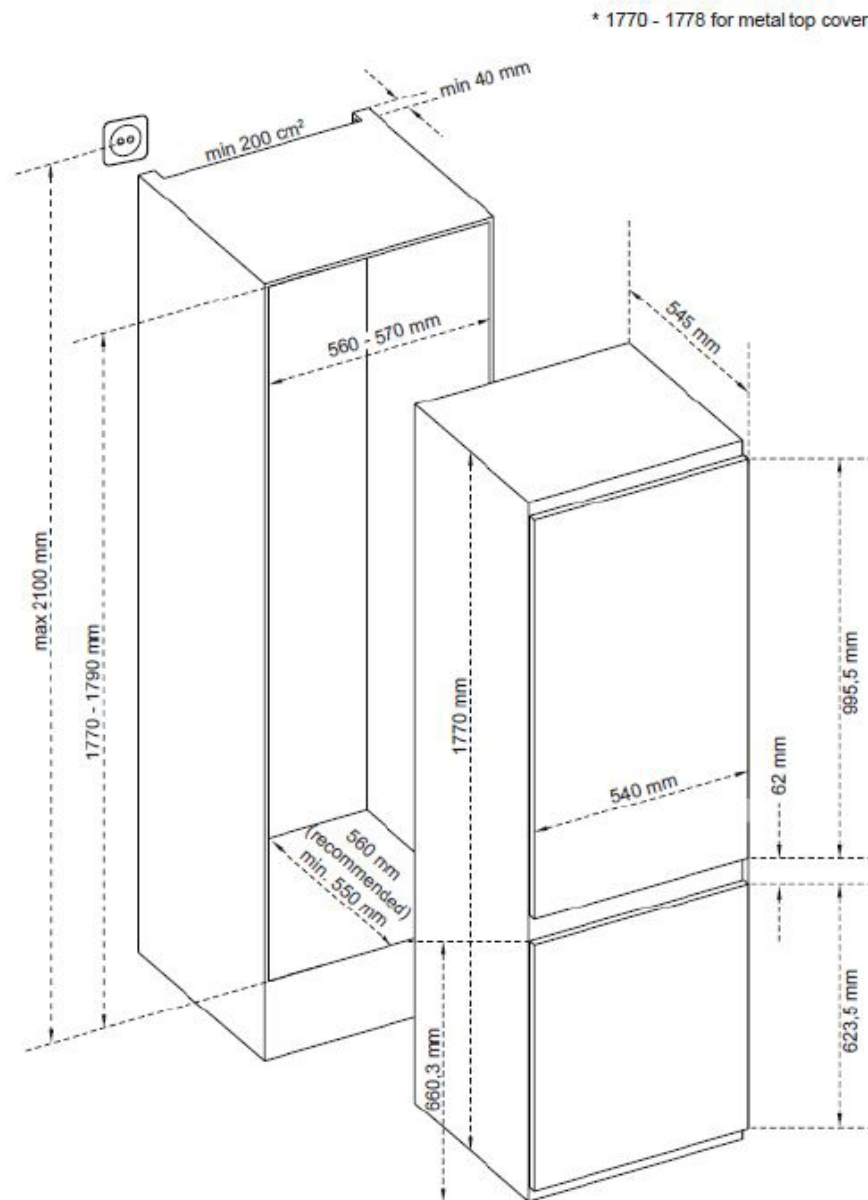

Energy Consumption	285kWh/year
Star Rating	3 Star
Power	230-240V, 50/60Hz 187W 10A (3-pin plug)
Warranty	5 years parts and labour
