

**PREMIUM 55
WASHBASIN**

[2136621]

BASIN FIXING KIT

Included with basin.

KEY

- Hot and cold water points
- Waste outlet
- Basin fixing points
- Cut out for semi-inset installation

NOTE

1. Waste pipe set out when using a Rogerseller up and down waste with a Rogerseller bottle trap [233580].
2. For semi inset installation the back of this basin must be mounted flush to the wall and supported using the basin fixing kit. It is not possible to semi inset this basin off the wall
3. This is only an installation guide. Rogerseller recommends having the product on site before commencing rough in.
