BENEFITS

All the taste, in half the time

The CombiQuick oven is the faster way to exceptional flavours and exciting dishes, combining hot air fan cooking with the speed of a microwave to give you the mouth-watering finish and textures of a conventional oven in one compact space. From now on, time is no longer an obstacle to taste.

Multi-function Oven

This multi-function oven offers both fan forced and conventional cooking options, so you can get the best results from whatever youre cooking.

Automatic weight defrost program

The total defrost time is automatically calculated by allocating variable defrost power levels at each stage of the defrost cycle.

Quick Start

By pressing the start button you can activate the 30 seconds program and get 30 seconds of cooking at a high power level.
