## 60CM DOLCE STIL NOVO

### STEAM100 PRO OVEN

**MADE IN ITALY**  
Since 1948

### STEAM 100 PRO FULL SIZE STEAM COOKING

Behind the oven door of the Steam 100 Pro is SMEG's hidden secret ingredient for great results in the kitchen. Maximum flexibility in steam selections with manual pulse, injected or continuous steam technology to deliver fresher flavours, healthier foods and beautifully browned and juicy dishes. Combine steam with traditional cooking for up to 13 hours at 20% steam level or over 2 hours at full 100% steam cooking and should you need more time, to ensure absolute integrity of the oven temperature when cooking, the Steam 100 Pro water loading steam does not require you to open the door to refill the water.

### SMART COOKING

Become an adventurous cook with over 150 auto programs. Nothing is too difficult to prepare and let the oven do the work for you. Hobby cooks can save 10 of their favourite recipes which can be called up at the touch of a button.

### MULTI STEP

Set and forget cooking. Pre set up to three different steps before you start cooking to allow for utmost versatility to achieve the perfect finish.

### SAME TIME COOKING

Coordinate everything being ready at the same time with same time cooking. Select up to three dishes all with different baking times and the oven will tell you when to add each dish, when the dish will be ready and how long left for your meal to be ready.
