

60cm 4 zone induction cooktop with SaphirMatt surface, FlexiBridge and Hob2Hood.

Product Details

FEATURES

Matte Black Design

A matte black finish with reduced reflectivity blends modern design with surface innovation.

FlexiBridge

PowerSlide

PowerSlide allows you to precisely control results by sliding pots between three temperatures zones.

PowerBoost

PowerBoost provides quick, intense heat

Heat memory

If cooking is interrupted, Heat Memory retains your hob settings for 120 seconds.

Anti-fingerprint matte finish

The anti-fingerprint matte finish with unique surface treatment resists marks* for easy maintenance. *Based on external tests, compared to our standard hob surface without special treatment or coating.

Individual zone controls

Individual Zone Controls with separate timers and independent functions including PowerBoost and ActiveTouch.

Pause Function

The pause function sets zones to the lowest setting to keep dishes warm and prevent overcooking.

Hob2Hood

Hob2Hood automatically adjusts your hood settings so you can focus on creating delicious dishes.

BENEFITS

MATTE BLACK SOPHISTICATION

Make a powerful visual statement in your kitchen with an innovative induction cooktop that blends elegance with innovation. The matte black finish is less reflective than a standard ceramic glass surface for a modern design aesthetic. This premium matte black cooktop exudes a sophisticated style that will enhance every kitchen design, from contemporary to classic.

CUSTOMISE YOUR COOKING AREA

The FlexiBridge is ideal for when youre working with large pans or preparing many dishes at the same time. Customise cooking area for a long pan or cook lots of dishes separately at different temperatures with this fully adaptable zone.

LESS SCRATCHES WITH ELEGANT SAPHIRMATT

Keep your hob looking newer for longer with our SaphirMatt ceramic glass, which effectively reduces the appearance of fine scratches from everyday use. The exceptional durability of SaphirMatt, features scratch-resistant properties that surpass those of conventional ceramic hob surfaces*. *Based on external tests, compared to our standard hob surface without special treatment or coating.

SLIDE FROM SEAR TO SIMMER

The ProverSlide function allows you to slide your pots between the three pre-set temperature zones so that you can easily control the cooking levels. This is ideal for bringing sauces to the boil, simmering and then keeping warm for delicious results.

INTUITIVE, CONTINUOUS COOKING

Keep your cooking on course with Heat Memory. If the pot is lifted from the hob, or if spills occur, the intuitive user interface retains your current heat settings for 120 seconds, preventing the need to reset power. With Heat Memory, precise heat is continuously maintained to help create memorable meals.

MORE EFFICIENT CLEANING

Maintain an immaculate surface effortlessly with the anti-fingerprint matte finish. This unique ceramic glass treatment resists marks during everyday cooking. Simply wipe the cooktop with a damp cloth to restore a streak-free appearance with ease. *Based on external tests, compared to our standard cooktop surface without special treatment or coating.

A FRESHER KITCHEN. HANDS-FREE.

The wireless Hob2Hood function automatically adjusts your hood settings based on how you are cooking, leaving your hands free to focus on the food. The hood lights will automatically illuminate when your hob turns on and the fan speed will adjust depending on how powerfully you are cooking.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	5
Cooktop type	induction
Materials/Colour	matte black
Trim finish	bevelled sides only

DIMENSIONS

Total product height (mm)	50
Total product width (mm)	590
