

Key Features

1. All-around Cooling
2. Optimal Fresh Zone
3. Power Cool Function
4. Flat doors with recessed handles
5. Power Deodoriser
6. LED lighting
7. Digital Inverter Technology

1

Preserve freshness on every shelf

All-Around Cooling

All-Around Cooling technology is designed to continually check the internal temperature and blows out cold air when needed. Multiple air vents on every shelf ensures even distribution of cold air from corner to corner to help preserve freshness in your food.

2

Keep meat fresh without freezing*

Optimal Fresh Zone

Perfect for storing meat and seafood to help keep it fresh for longer without freezing. ¹ Customise the temperature settings depending on your needs.

3

Fast, cold, blast.

Power Cool Function

At the touch of a button, Power Cool quickly blows cold air into the fridge, so foods and drinks are chilled quickly. And Power Freeze delivers a fast blast of cold air into the freezer. It's great for freezing or firming up frozen food, like ice cream, and making more ice.

4

Modern, minimal design

Flat doors with recessed handles

The sleek design creates a clean, contemporary look to suit your kitchen interiors. Strikingly beautiful flat front doors paired with recessed handles introduce a minimal aesthetic and an added level of design sophistication.

5

Clean air inside to help preserve flavour

Power Deodoriser

The Power Deodoriser is made of Activated Carbon, which filters the air inside the fridge to eliminate bad smells - helping to keep the air clean and fresh while preserving the flavour of your food.

6

[See it all](#)**LED Lighting**

Find ingredients easily with LED lighting that brilliantly illuminates every corner of the fridge so everything is visible, even at night.

7

[The Quiet Achiever](#)**Digital Inverter Technology**

Enjoy energy efficiency and long-lasting performance. The Digital Inverter Compressor is designed to intelligently adjust operating speed in response to cooling demand and is backed by a 10 year limited parts warranty to give you peace of mind. ²

DISCLAIMERS

1. Results may vary upon degree of freshness before storage, usage circumstances, etc.
2. See Warranty card or visit www.samsung.com.au/support for full details

Short Code		SRL304NW	
Representative Model Code		RB27N4020WW/SA	
EAN/Barcode		8801643443245	
RRP		\$999	
Cooling Feature		Cooling Type	All Around Cooling
Physical Specification	Capacity	Total	280 L
		Refrigerator	188 L
		Freezer	92 L
	Dimension	Net Width	595 mm
		Net Case Height with Hinge	1580 mm
		Net Depth with Door Handle	663 mm
		Net Depth w/out Door Handle	663 mm
		Net Depth without Door	590 mm
	Packing Dimension	Packing Width	629 mm
		Packing Height	1665 mm
		Packing Depth	704 mm
	Weight	Net	55 kg
		With Package	59 kg
Exterior Feature	Door Handle		Recessed
	Colour		Snow White
	Water Dispenser		No
