### KEY FEATURES

#### Single Motor

Power, performance and quiet efficiency are the most important elements in the performance of your Sirius hood. Sirius has worked tirelessly to create a product that ticks all the boxes.

#### Recirculated

This is a recirculated rangehood meaning no external ductwork required, making it suitable for apartments or homes without external venting options.

#### 600M3/H Airflow

With a maximum airflow of 600M3/H, this rangehood quickly and effectively removes smoke, steam, heat, odours, and other airborne particles from areas requiring ventilation.

#### Induction Safe

This rangehood boasts efficient filters and extraction capabilities to effectively manage increased steam and moisture levels resulting from minimal ambient heat compared to gas cooking methods.

#### LED Light Ring

LED lights emit less heat, saving energy and lasting longer, reducing replacement costs. Ideal for eco-friendly homes with excellent lighting quality.

#### Remote Control

This rangehood is equipped with a sophisticated, stylish remote control that offers users the convenience of adjusting fan speed, lighting and timer settings of the hood from a distance.

#### 4 Speed settings

Sirius Rangehoods offer 4 speed settings. Levels 1 to 3 for light to normal cooking and level 4 for smoky or intense cooking. Covering all your cooking needs.

#### Hand Crafted in Italy

Sirius Rangehoods, a prestigious Italian brand founded in 1996, is renowned for its bold designs and commitment to premium materials and craftsmanship, making it a top choice for high-end rangehoods.
