9. Gentle Diamond Drum

Limited space key features / benefits / message hierarchy. ie Catalogue

Bubble Wash™ is designed to help generate foam by pre-mixing detergent with air and water from the beginning of the cycle.

15 minute quick wash for small loads¹

59 min quick wash & dry cycle for small loads under a kilo²

Wash and dry loads in one space saving combo. A built in 4Kg condenser dryer means you can go from wash to dry all in one easy step

Refresh your clothes between washes with AirWash.

DISCLAIMERS

1. The Quick Wash Cycle time can be adjusted for loads 2kg or less, with as little as 15mins for a complete wash cycle for lightly soiled laundry
2. Small loads weighing under 1kg. Recommended laundry load is 3~4 cotton/polyester blended shirts (Mixing ratio of textiles: cotton 35%/ polyester 65%)

Detailed key features / benefits / message hierarchy.

BUBBLE WASH

Bubbles you can see, clean you can feel

Bubble Wash™ is designed to help generate foam by pre-mixing detergent with air and water from the beginning of the cycle

CONDENSER DRYER

Built In 4Kg Dryer

In one easy step wash a load of laundry and dry in one go. A built in 4kg dryer conveniently dries clothes after a wash is complete without the need to move wet clothes to a separate unit.

QUICK WASH

Small loads in 15 minutes¹.

No time to waste? The 15 min Quick Wash cycle allows you to wash up to 2 Kg of laundry so you can spend less time on chores, more time on life².

QUICK WASH & DRY

Fast and ready to wear in 59 mins²

You can wash and dry a small 1Kg, lightly soiled load fast with a 59 min Quick Wash & Dry cycle².

Air Wash

Refresh clothes between washes

Refresh your clothes between washes with AirWash. AirWash technology helps to deodorize and refresh your clothes, helping them smell fresh. Using just heated air, unpleasant odours can be removed without using water, detergent or other chemicals.

AUTO LOAD SENSOR

Intelligent adjust

Auto adjusts water and wash time based on the weight of each load.

SMART CHECK

Easy troubleshooting³

The Smart Check automatic error-monitoring system detects and diagnoses certain problems and provides easy troubleshooting solutions using a smartphone App. So depending on the problem, it can help save you time and hopefully avoid the inconvenience of unnecessary engineer callouts!³

STAYCLEAN DRAWER

Less soap residue

The StayClean Drawer helps wash away more of the detergent with a specially designed water flushing system. So, there's less unsightly soap residue to help the tray stay cleaner.

WARRANTY

11 Year Parts Warranty on Digital Inverter Motor⁴

Low fuss for a long time - digital inverter motor with an 11 year parts warranty. The motor works without brushes, which helps to reduce the number of separate moving parts and friction, making for a low vibration motor with a quiet wash cycle.

DISCLAIMERS

1. The Quick Wash Cycle time can be adjusted for loads 2kg or less, with as little as 15mins for a complete wash cycle for lightly soiled laundry
2. Small loads weighing under 1kg. Recommended laundry load is 3~4 cotton/polyester blended shirts (Mixing ratio of textiles: cotton 35%/ polyester 65%)
3. To access the Smart Check function, users must download the Samsung Smart Washer app to their compatible smartphone from Google Play or iTunes. Internet connection required. Data charges may apply. iTunes is a trademark of Apple Inc., registered in the U.S. and other countries
4. 11 Year Parts Warranty on the Digital Inverter Motor. See warranty card or <http://www.samsung.com/au/support/warranty/> for more information.
