666L 500 Series Side-by-Side Refrigerator Freezer

500 Series

Black | Side-by-side hinge

Combining generous capacity with a 60:40 fridge to freezer split, this model delivers generous, organised storage alongside Haier's Fresher Techs™ to help keep food fresher for longer.

- 666L total capacity with a 60:40 fridge to freezer split
- Energy-efficient design with a 5-star rating
- Metal Fresh Tech and Active Fresh Zone keep food fresher for longer
- Super Freeze™ function helps lock in freshness when freezing food
- Wi-Fi connected for remote control and helpful alerts using the SmartHQ™ app

DIMENSIONS

Height	**1790 mm**
Width	**905 mm**
Depth	**738 mm**

FEATURES & BENEFITS

Load up with ease

Keep more of what you love on hand. 666L of side-by-side storage gives you generous space for fresh food and frozen staples, with a 60:40 fridge-to-freezer split so you get more room where you use it most. Everyday items are organised and visible, while a flat door design with recessed handles brings a clean, modern finish to the kitchen. From the weekly shop to weekend entertaining, it's made to help you store more with less fuss.

Energy-efficient cooling, built in

With a 5-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Cool air reaches every corner

Ever found something at the back of the fridge that's seen better days? Metal Fresh Tech helps distribute cool air more evenly through the compartment, using a metal duct cover that transfers cooling energy faster. That means more consistent cooling throughout the fridge, helping keep food in top condition wherever you place it.

Crisp produce for twice as long*

We've all opened the crisper drawer mid-week to find the greens have wilted. The Active Fresh Zone drawer keeps moisture levels consistently high inside the compartment, so your fruit and vegetables stay crisp and full of flavour for twice as long* as they would in a regular drawer. *As certified by VDE N° ID.40046454

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Clean lines, considered details

A flat door design and recessed handles create a clean, considered look that works easily alongside cabinetry or in open-plan spaces. In a black finish, the fingerprint-resistant finish brings a modern edge while helping reduce visible marks from everyday use. LED lighting in both the fridge and freezer makes it easy to find what you need.

Connected with SmartHQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmartHQ™ app. Whether you're at home or away, you can manage your fridge around your routine.
