WARRANTY

All Rogerseller tapware, bathroom fittings and sanitary ware are covered by a five (5) year warranty from date of purchase.

Rogerseller will undertake to repair or replace free of charge any faulty product due to defects in materials or workmanship (within the warranty period).

Rogerseller (or their nominated agency) reserve the right to assess, repair, replace or service any warranty claims as they see fit.

This warranty excludes any defect or injury caused by or resulting from misuse, abuse or neglect, accidental damage, improper installation or other alterations or modifications which affect the reliability or performance of the unit not attributed to faulty manufacture. The warranty will not apply where the product has been incorrectly installed or the water pressure is outside the recommended levels.

Exceptions:

- › Flexible hoses – covered by one (1) year warranty from date of purchase.
- › Finishes – Gold plating, Satin & Pewter finishes are covered by a one - (1) year warranty against chipping, staining and flaking (excluding normal wear & tear).
- › Internal Cistern Mechanisms – Covered by a one (1) year warranty from date of purchase
- › Spa Pumps - covered by one (1) year warranty from date of purchase.

Note: All C-TEC cartridges are manufactured in accordance with: AS 3500, AS 3718, EN 200, SAA MP52; Licence No 1458. Each cartridge is individually pressure tested before leaving the factory.

WATERFALL

Bath Outlet Installation Instructions

WATERFALL

Bath Outlet Installation Instructions

HOB MOUNTING ASSEMBLY

1.

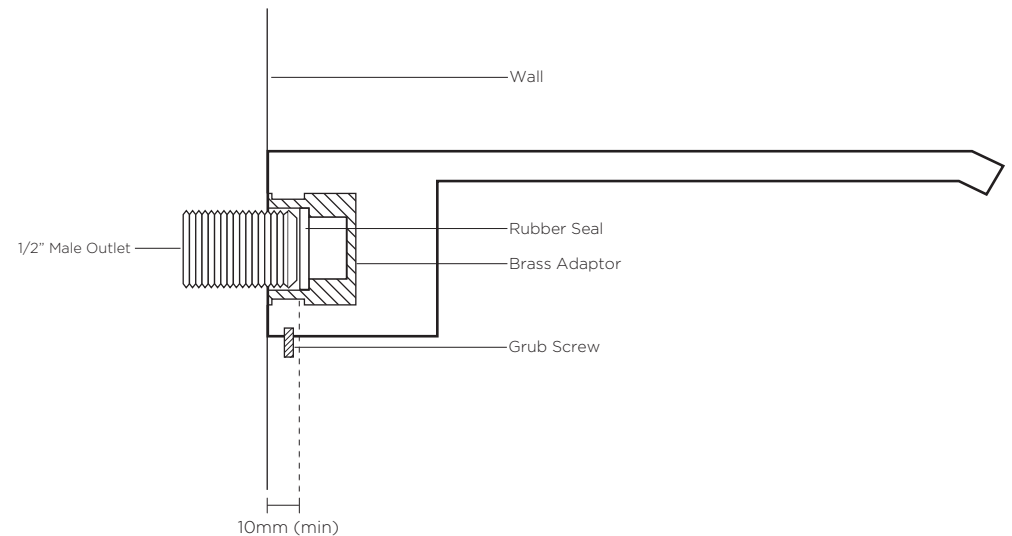

Fix 1/2" male outlet piece securely into position. Ensure that the threaded section protrudes a minimum of 55mm beyond the finished surface of the hob.

2.

Screw brass adaptor with double 'O' ring seals over 1/2" male outlet then tighten down until internal rubber seals.

3.

Push outlet firmly over brass adaptor once in position, tighten grub screw with key provided.

WALL MOUNTING ASSEMBLY

1.

Fix 1/2" male outlet piece securely into position. Ensure that the threaded section protrudes a minimum of 10mm beyond the finished surface of the wall.

2.

Screw brass adaptor with double 'O' ring seals over 1/2" male outlet then tighten down until internal rubber seals.

3.

Push outlet firmly over brass adaptor once in position, tighten grub screw with key provided.
