BENEFITS

A new level of perfection

Our ComfortLift™ dishwasher lets you gently slide and lift the lower basket upwards. With a dishwasher designed around your needs, you can unload more efficiently and stack more effectively. With ComfortLift we've elevated dishwashing to a whole new level.

ALWAYS GENTLE ON YOUR DISHES

With ComfortRails you can smoothly slide the basket into place without any rattle of the dishes meaning you never have to worry about damaged glasses again. Always smooth to load and unload.

Drying naturally

Our AirDry technology lets you maximise your drying performance with natural airflow. The door automatically opens up 10 cm when the cycle is complete. It dries your dishes naturally meaning spotless glasses every time.

Superior glass care

The glass program in combination with SoftGrip and SoftSpikes protects all glassware from scratches and breakages, leaving them sparkling clean.

ExtraSilent program

With either a few dishes to clean, or a partys worth, you'll find the dishwashers in the ProClean™ range to be our quietest ever. Featuring an improved tub design using inverter motor technology, the ExtraSilent program noise level is only 40 dB(A), so low you will barely know its there.
