- Full installation instructions come with the product or at request.
- Rogerseller recommends this product is fixed to secure studs.

**Specifications**

It is a requirement of State Codes that licensed electricians carry out all electrical installations.  
All installations should comply with the relevant requirements and local codes.

**Care and Maintenance**

[1] Product should be inspected for surface damage prior to installation. [2] Cleaning and handling of all finishes must be performed carefully. [3] Clean products using a soft cloth with warm soapy water only. [4] Never use harsh detergents or abrasive cleaners as these will damage the product. [5] Water marks can be removed from Matt Finishes with an application of a carnauba wax based non-abrasive polish on a microfibre cloth. [6] Do not use undue pressure when cleaning and wipe in one direction only. [7] Contact with harsh chemicals such as hair dye, hair bleach etc with result in damage to the finish. [8] Tapware should never be installed using acetone silicones. [9] Avoid the use of wax based furniture creams as this can result in a build up of deposits which will detract from the appearance. [10] Avoid the use of wax based furnitures creams as this can result in a build up of deposits which will detract from the appearance. [11] Damage to finishes arising from improper installation or post installation use or failure to observe the above care and cleaning instructions will void all warranty agreements.
