

Professional Built-in BBQ

ILBBQ304

Grilling or cooking meat, fish & vegetables outdoors in your garden or by the pool is a pleasure offered exclusively by ILVE's Professional Outdoor Barbecue, constructed from a single piece of AS304 stainless steel and resistant to humidity, salt spray and weathering, the ILBBQ304 is sure to make the new 'heart of the home', the outside!

GRILLING

The generous size cast iron grilles supplied with the barbecue allow you to cook even, large portions or quantities of meat or fish & vegetables.

TEPANYAKI HOTPLATE

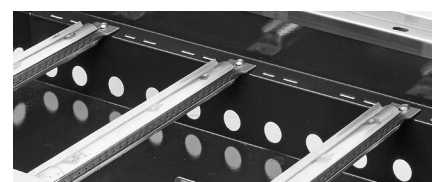

The ILBBQ304 incorporates ILVE's famous tepanyaki hotplate that allows you to cook meat, sausages, vegetables and all kinds of fish directly on the cast iron surface without fuss.

GAS BURNERS with FLAME FAILURE

4 in-line gas burners with a total power output of 14.85 kW (52mj/h) provide sufficient energy for fast, effective cooking. For safety, the burners all incorporate flame failure safety cut out.

BATTERY FOR BURNER IGNITION

To use the barbecue far from electrical connections, it uses a battery for burner ignition. The battery compartment is smartly concealed within the BBQ via a steel plate at the top of the control panel.

Available Lid
ILH304: hooded lid (sold separately)

Professional Built-in BBQ

ILBBQ304

Model ILBBQ304 1050cm BBQ
