## Dreame D9 Max Gen 2

### Entry-level Robot Vacuum and Mop with Mega Suction

#### KEY FEATURE

#### Ultimate Carpet Cleaning

#### Smart Cleaning Experience

#### Flexible Control

#### FUNCTIONS

##### 6,000Pa Vormax™ Suction

- 4 Adjustable Levels of Suction Power

##### Powerful Carpet Cleaning

- Automatically Boosts suction power for a Deeper Clean

##### All-rubber Floating Brush

##### 5200mAh Battery

- Up to 285 Minutes of Vacuuming and Mopping in Quiet Mode

##### Smart Pathfinder™ Technology

- Interactive Mapping
- Smart Cleaning Routes
- Smart Obstacle System

##### Vacuums and Mops 2-in-1

- 235mL Water Tank
- 570mL Dust Box
- 3 Adjustable Levels of Water Flow

##### Flexible APP Control

- Customized Cleaning
- Creating Multi-Floor Maps
- No-Mop Zones
- Setting Up Virtual Boundaries

##### Voice Assistant

- Alexa
- Siri
- Google Assistant

#### USER BENEFITS

A Thorough Carpet Cleaning

Detailed Clean to Protect Your Furniture

Clean Remotely

\*Compared to D9 Max, it's the escalation point.

## 02 Key Selling Points

### 6,000Pa Powerful Vormax™ Suction

## Mega Suction Mastery

A strong 6,000Pa\* suction power refreshes your floors and carpets, giving no chance for food crumbs, litter, or pet hair. **D9 Max Gen 2 glides from hard floors to carpets, efficiently dealing with stubborn messes and debris stuck in nooks.** Relish fast and efficient cleaning with Carpet Boost, increasing suction power for instant vacuuming upgrades.

#### Vormax Air Duct Designs

Consistent barrier-free airflow  
Instantly collects rubbish  
Airflow and dust separation

VS

#### Common Air Duct Designs

Large loss of suction  
Leaves missed spots on your floor  
Clogged air ducts

\*The appearance is for reference only.

\*6,000Pa: Based on tests in Dreame Lab. Actual performance may vary depending on the real-world environment and usage.

## Optimized Carpet Cleaning Efficiency

Our floating rubber brush prevents hair from clogging the vacuum while cleaning on multiple surfaces. It efficiently picks up embedded dust on every surface, from hardwood and tiles to carpets and rugs, while preventing hair from being stuck in the vacuum. **Compared to a V-shape brush, the rubber brush makes removing tangled hair from your vacuum brush easy.**

DREAME

## Package List

This image displays the various components included in the Dreame X1 cordless robot vacuum package. The items are arranged in a grid-like fashion. At the top left is the main robot vacuum unit, a black circular device with a prominent central circular sensor or camera lens. To its right is the user manual, a white booklet with a clear image of the robot vacuum on its cover. Below the main unit is the water tank, a black, semi-circular component with a transparent section in the center. To the right of the water tank is the charging dock, a black L-shaped base station with a recessed area for the robot vacuum. At the bottom left is a single cleaning brush, which is a grey, cylindrical roller. At the bottom right is a small black rectangular object, likely a filter or a spare part. Each component is labeled with its name and quantity in a bold, black, sans-serif font.
