Product Sheet

A.I. Direct-Drive for Intelligent Fabric Care

A.I. technology is used to assess weight and fabric softness, automatically selecting the optimal washing pattern for intelligent fabric care.

Designed for Durability

Designed for durability with a tempered glass door, stainless steel lifters and a stainless steel inner drum.

Allergy Care with Steam

Use the 'Allergy Care' steam cycle for clothing or bedding where sensitivities to allergens such as dust mites, bacteria and pollen may exist.

Inverter Direct-Drive Motor

Less moving parts, less vibration & more durability than conventional LG belt and pulley motors.
