BENEFITS

Multi-function Oven

This multi-function oven offers both fan forced and conventional cooking options, so you can get the best results from whatever youre cooking.

Pyroluxe™ Self Cleaning

The advanced self-cleaning function takes all the effort out of keeping your oven clean. By heating the oven to 500C, all food residue is turned to ash, which can then be simply wiped out with a damp cloth.

Rare. Medium. Well done. At your command with SenseCook Your personal sous chef. Use the Food Sensor to tell the oven how you want your dish cooked using just the words you would in a restaurant rare, medium, or well done. Without even opening the oven door, everything from tender joints of meat to molten chocolate fondants are controlled and mastered. At last, an oven that speaks your language.

SoftMotion™ Hinges

The AEG SoftMotion™ hinges remind the consumer of the quality of their oven every time they effortlessly open and close the door.
