Power	220–240V, 50Hz 10A (3-pin plug)
Warranty	Five years parts and labour

### POWERFUL AIR EXTRACTION

Smeg's rangehoods have been developed to optimise performance for all cooking styles and kitchen designs. We recommend using 150 mm duct pipe for peak performance. In installations where ducting to the outside is not possible, a recirculation kit is available as an optional extra.

### LOW NOISE

The design of the fan, motor and housing contribute to streamlined airflow which reduces noise levels during operation, for a more peaceful kitchen environment

### DOLCE STIL NOVO DESIGN

Smeg's Dolce Stil Novo collection presents uninterrupted lines, precision craftsmanship and elegance – beautiful yet purposeful appliances. The comprehensive collection features exclusive, beautiful and truly unique aesthetics with refined copper or stainless steel detailing. Partnered with leading technology and superior performance, they make the perfect addition to the modern and contemporary home.

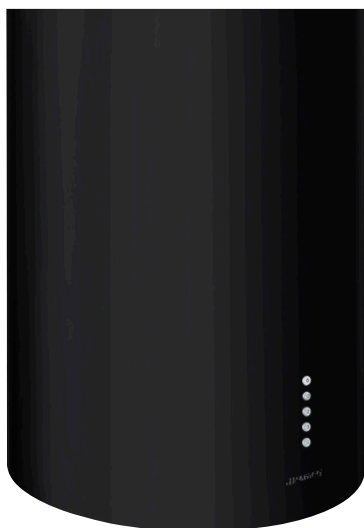

### INTENSIVE FUNCTION

Use the intensive function to boost the performance of your rangehood when required. Clears the kitchen quickly of smoke and odours.
