Features

Benefits

Moisture Repellent Plasma roof (MRP)

Roof of dishwasher rejects moisture thus avoiding water condensation dropping back onto the dry crockery.

Stainless steel touch control panel

Simple to use and even easier to keep clean. Touch controls with red LED display, blends perfectly with other Blanco touch control appliances

Sliding cutlery basket

Offers the flexibility to use the cutlery basket or to omit it for a larger loading area. Providing ultimate convenience and flexibility. Additional smaller floating basket is also provided,

Quad stage filtration system

All the way down to a micro-mesh level, this 4 way filtering system provides maximum cleanliness and is easily accessed for removal or cleaning.

Economical WELS and Energy ratings 4 Star water rating 4 Star energy rating

Providing one of the lowest energy and water usage in a dishwasher

Aqua Stop & Aqua Safe total anti-flood Protection

Prevents overflow water damage both at the machine and at the tap.

37dB Super Quiet operation

One of the quietest dishwashers on the market. Perfect for open spaces and for those who prefer complete silence from their dishwasher.

Loaded adjustable top basket and foldable tines

Maximum flexibility for both top and bottom baskets. One handed adjustable top basket allows a 32cm plate in the bottom. Both front and back tines fold down to offer ultimate loading flexibility.

Dedicated tablet dispenser and tablet function

The most common used detergent type is in tablet form, and this dishwasher offers the perfect solution in both functionality and performance.
