

Product name: Dyson Big Ball Origin

SKU no. 214886-01

Product description:

Self-rights when toppled and hygienically ejects the dirt.

Powerful suction across all floor types.

Features

Articulated handle for easy, versatile cleaning

The wand's handle rotates in three directions, allowing full 360° articulation for greater control.

Ball™ technology

Ball™ technology allows easier steering around obstacles. A streamlined body helps to prevent snagging.

Dual mode floor tool

Adjustable to remove dirt across every floor type.

Hygienically ejects the dirt

Drive out trapped dust and debris with just the push of a button. There's no need to touch the dirt.

Larger, high-capacity bin

33% bigger than the previous generation of Dyson Cinetic™ barrel vacuums.

Longer wand reaches awkward areas

Extends up to 1250cm to clean hard to reach places.

Quick-release tools

Smoothly change tools between tasks.

The vacuum that gets back up when toppled

Conventional vacuums fall down and stay down. Dyson Big Ball Barrel vacuums pick themselves up.

2 Tier Radial™ cyclones

19 cyclones stacked across two tiers generate higher centrifugal forces to capture more microscopic dust and allergens; trapping them in the clear bin.

Product Specifications

Product weight	7.46kg
Bin volume	1.8L
Suction power	252AW

Cord length	6.6m
