

Water Jewels White Round Washbasin

115402

World-renowned architect Matteo Thun explores new frontiers with the Water Jewels White Round Washbasin for Vitra; an artfully designed ceramic washbasin that draws inspiration from traditional Turkish craftsmanship. Suitable for bench mount, semi-inset and undercounter installation, the basin adds texture, depth and a unique identity to bathroom design. Please note: brackets are required for undercounter mounting (190105).
