HANDMADE IN MILAN

Since 1905 La Pavoni's passion has been creating innovative, high-quality coffee machines made by hand in Milan. Know-how, creativity and style spring from this Italian identity and characterise the company's commitment to designing timeless machines that produce the finest café-quality coffee. La Pavoni reflects the defining characteristics of Italian design - elegance, originality and premium performance.

HEAT EXCHANGER

The La Pavoni heat exchanger machine allows you to brew and steam at the same time. Not only does this feature save time but it ensures superior milk-based coffees with high pressure steam on demand.

BRASS COMPONENTS / S.S BODY

La Pavoni coffee machines are made by hand in Milan demonstrating a dedication to perfecting coffee for over a century. Crafted with a refined brass finish and a stainless steel body, La Pavoni machines are premium appliances built to endure the rigours of producing coffee of the highest standard.

PID TEMP CONTROL AND INTEGRATED FUNCTIONS

A hidden PID interface beneath the drip tray ensures exceptional thermal precision, while enabling advanced functions—including ECO and standby modes, water connection management, and a built-in shot timer—for a seamless, refined home barista experience.
