AEG ProSteam technology refreshes clothes so they are ready to wear in just 25 minutes. ProSteam efficiently reduces odours* and reduces creases in dry fabrics. A gentle steam cycle requires minimal to no ironing. *External test shows substantial reduction of cigarette smoke odour and kitchen odour in a Steam Refresh cycle by Laboratorio Olfattometria Dinamica in 2021 (Test Report No. LOD_RT_1070-21).

BOOST YOUR WASHING PERFORMANCE
PowerCare uses an advanced technique to pre-mix and activate detergent for improved detergent efficacy, ensuring every fibre is reached, even at 30C. Delivers outstanding washing results in less than one hour.

SAVE WATER, ENERGY, AND TIME

PreciseWash automatically adapts the energy usage and settings depending on the weight of the laundry load. For customised laundry cycles that reduce energy, time and water usage when washing smaller loads*. *Internal test for time, water and energy consumption of a 30C Cotton cycle optimized with PreciseWash.

REMOVES BACTERIA AND VIRUSES*

Ideal for thoroughly clean clothing, bedlinen, quilts, and pillows. *Tested for Staphylococcus aureus, Enterococcus faecium, Candida albicans, Pseudomonas aeruginosa and MS2 Bacteriophage in external test performed by Swisstatest Testmaterialien AG in 2021 (Test Report No. 202120117)
