

THE ZIP HYDROTAP® DESIGN RANGE.

IT'S WATER. REFRESHED.

BOILING | CHILLED | SPARKLING

IT'S WATER. REFRESHED.

ZIP – THE GREAT AUSTRALIAN SUCCESS STORY.

From a small Sydney manufacturer of water heaters for kitchens and bathrooms in 1962 to an industry leader with exports to over 60 countries, Zip continues to set the global standard.

In fact, we were recently recognised with the Australian National Exporter Award. Over the last 50 years our business has grown to employ over 500 Australians with branches across the country as well as offices in the UK and New Zealand.

At Zip, we are driven by innovation and a passion for providing quality products and service. By incorporating world-class filtration technologies we have evolved from a company that provided instant boiling water to a company that has refreshed drinking water. We promise to instantly deliver water any way you like it – It's Water. Refreshed.

John Doumani, CEO

EXPERIENCE THE ZIP EFFECT. DRINK MORE WATER. FEEL MORE WOOHOO.

Currently the majority of Australians do not drink enough water and up to 75% of us are dehydrated.

The pure taste of Zip puts the pleasure and sparkle back into water, with instant boiling, chilled and sparkling filtered water on tap. So now you'll enjoy drinking more and experience the many health benefits of proper hydration.

Your conscience will also be crystal clear because the Zip HydroTap performs to the highest standards of environmental responsibility and sustainability. Plus there are no plastic water bottles going to waste.

When water is irresistible, it's easier than ever to drink more and improve your wellbeing, health and happiness.

Experience The Zip Effect.

WATER... MADE IRRESISTIBLE.

The latest generation Zip 0.2 micron filtration system ensures your water is crystal clear and free from dirt and contaminants as small as 1/5000th of a millimeter. In fact, the taste and odour of chlorine is removed, while fluoride is retained, making each and every glass more enjoyable and better for you.

SPARKLING WATER AT YOUR FINGERTIPS.

Quench your thirst for sparkling water with a Zip HydroTap. Everyone will love the instant convenience of having filtered water the way they want it. The Zip HydroTap also features chilled and boiling water. So no more waiting for the kettle to boil or wasting money on expensive bottled water.

REFRESHINGLY SUSTAINABLE.

With advanced energy efficiency and best-in-class cooling technology, the Zip HydroTap performs to the highest standards of environmental responsibility and sustainability. Unlike water-cooled systems, our air-cooled ventilation system does not waste precious water.

RELIABILITY IS OUR REPUTATION.

We are so confident in our technology, design and build of the Zip HydroTap, we have extended our warranty to 5 years*. This is supported by the largest national company - owned installation and service team in our industry.

INTRODUCING THE ZIP HYDROTAP® DESIGN RANGE. AMAZING DESIGN, AMAZING TASTE.

The new Zip HydroTap Design range incorporates the latest innovative technologies to instantly give you water of unparalleled purity.

Designed to please the most discerning, the Zip HydroTap Design range consists of three elegant options – the Zip HydroTap Arc, the Zip HydroTap Cube and the Zip HydroTap Elite. All of these options are available in a range of finishes including bright chrome, brushed chrome, matte black and gloss black. So you are sure to find a style that suits your lifestyle.

With the Zip HydroTap Design range you have the choice of enjoying water any way you like; boiling, chilled or sparkling. Also every tap in the range is equipped with the Zip 0.2 micron filtration system – which instantly delivers water that is both irresistible and tasty.

The Zip HydroTap Design range – feeling good has never looked so good.

ZIP HYDROTAP® ARC

Boiling | Chilled | Sparkling | Filtered | Instantly

THE ZIP HYDROTAP ARC – FORM WITH THE FUNCTIONALITY OF REFRESHING YOUR WELLBEING.

With the elegant curve of a swan's neck, the Zip HydroTap Arc will complement any contemporary kitchen – and the crystal clear water will complement your wellbeing.

INTRODUCING THE ZIP CELSIUS RANGE. PURE DESIGN, PURE WATER.

A must for the modern kitchen, the new Zip Celsius range adds a touch of style and elegance to any space while instantly providing the purest water for your enjoyment.

To complement your style, there are two distinctive design options – the Celsius Arc and Celsius Cube. You can be sure one will match your design sensibilities because the Zip Celsius range is available in a variety of finishes including bright chrome, brushed chrome, matte black and gloss black.

Both design options are equipped with our amazing 0.2 micron filtration system so you will benefit from having crystal clear water available whenever you like. The Celsius range delivers hot and cold functionality, with your choice of boiling, chilled, or chilled sparkling water instantly.

Not only is the Celsius range irresistible in looks, it makes water irresistible.

ZIP CELSIUS™ ARC

Hot + Cold with either Filtered | Boiling | Chilled | Chilled + Sparkling

THE ZIP CELSIUS ARC – DESIGN AT ITS BEST, WATER AT ITS BEST.

The stunning Zip Celsius Arc adds an unparalleled level of sophistication to any kitchen – with the added benefit of making water more appealing than ever before.
